## WORK EXPERIENCE

*Creative Frontend Developer Intern, TIC Global Services, Chennai.*

**Feb 2025 - April 2025**

- Spearheaded the end-to-end development of an architecture firm's website, architecting its information structure, crafting award-level interactive animations (GSAP, Lenis) and micro-interactions to showcase projects, and ensuring pixel-perfect responsiveness across all devices.
- Implemented a robust style guide and component library defining typography, colour, motion principles, and reusable React components—guaranteeing consistency, maintainability, and an elevated brand experience.
- Developed a refreshed brand identity, updated visual assets and design guidelines, ensuring consistency across digital platforms. improving layout clarity and content personalization, leading to a 31% increase in open rates and higher user retention.

## POSTS OF ACHIEVEMENTS AND ACTIVITIES

*Volunteer Teaching Faculty, At Ichalkaranji, Kolhapur.*

**June 2024 – July 2024**

- Educating underprivileged young students in Computer Web Technology over 40 days. Developed and delivered a custom curriculum, teaching 19-33 students, resulting in a 93% course completion rate and increased digital literacy.

*Awarded Second-Place Winner of UI-UX Design National Event - JJMCOE, Jaysingpur, Kolhapur.*

**April - 2024**

- Highlight my second-place victory in the Figma UI Design competition at Dr.JJ Magdum College of Engineering, a Nationally recognized event. This achievement underscores my creative talent and ability to excel on a competitive national platform, contributing to the reputation of our institution.

*Awarded Winner of Project-Expo National Event - Department Of Technology, Kolhapur.*

**March - 2024**

- Prominently feature our team's first-place win in a national-level project competition hosted by the Department of Technology, Kolhapur. This accomplishment underscores our expertise and innovation on a prestigious platform.

## PUBLISHED PROJECTS

- Replicated the award-winning level design and functionality of an existing website - Gained proficiency Product Level website in HTML, CSS, and JavaScript with React.js And little bit Animations for smooth Experience through this practical project. [[Cyberfiction](#), [Aero-Space](#), [Refokus](#) , [Office-Material](#), [DJIMavicDrone](#) Etc....]
- Developed an efficient movie web application for browsing, searching, and managing movie collections, providing an enhanced user experience and streamlined functionality. Integrated features such as user reviews, personalized recommendations, and advanced filtering options for a more engaging experience. [[Movieflix](#)].
- Portfolio Website is a React powered showcase at [[Aniruddha-Design](#) ] featuring 8+ flagship case studies from brand revamps to 3D web experiences, built with Tailwind, Framer Motion, and Three.js. Optimized for high performance (Lighthouse 91+), mobile-first design, WCAG accessibility, and seamless CI/CD deployment via GitHub Actions to Vercel and Netlify.

## CERTIFICATIONS

- Become A Software Developer By LinkedIn ( LinkedIn Learning ) -[[Certificate](#)].
- Data-Science with Python 101 By IBM -[[Certificate](#)].
